

The Angel Project Pre-Veterinary VMCAS Scholarship

For aspiring veterinarians, applying to veterinary school is both an exhilarating and intimidating step forward. While the process comes with its share of challenges, the cost should never be what keeps a passionate applicant from pursuing their goal. The Angel Project Foundation is dedicated to making a meaningful difference for pets and their families. We are committed to supporting the next generation of veterinarians who share that mission by easing the financial burden of applying.

The Angel Project Foundation is pleased to announce a scholarship to assist with the cost of your VMCAS application. Designed to support pre-veterinary students applying (through VMCAS) to veterinary school, this award will help cover the expenses so you can focus on what truly matters—sharing your passion, experiences, and goals with admissions committees.

Awarded as a reimbursement, recipients will pay their application fees up front, then submit a receipt as proof of payment. Once verified, The Angel Project Foundation will promptly issue the scholarship amount by check.

Award Amount: Variable, depending on the number of schools applied to via VMCAS. Covers the primary application fee (\$241) plus \$132 for each additional school, up to a maximum of **\$1000.00**.

Eligibility: Open to pre-vet students applying to veterinary school in the upcoming cycle.

Basis for Selection: Commitment to veterinary medicine and clarity of goals.

How to Apply:

1. Complete the scholarship application form, including the number of schools you plan to apply to.
2. Submit a personal statement or purpose statement of “**Why do you want to pursue a career in veterinary medicine?**” (3000 character max) (you may use the same submission from your VMCAS application).
3. Email your application and attachments to: Theangelprojectfoundation@gmail.com

Scholarship Details-

Application Deadline: **August 31st, 2025**

Winners Announced: **September 7th, 2025**
